NWSCC INDUSTRY MEMBER NEWS

MT. HOOD MEADOWS www.skihood.com

With fall fast approaching, thoughts are turning to the 2020-2021 winter recreation season and what it will look like. We've been visualizing since March what those scenarios might be, and today, we released our winter operations plan, which you can read on our [blog](#). We encourage you to read the post in its entirety, and we plan on adding additional information as we get closer to the start of the season. But if you're short on time, here are some key points:

First and foremost, we do plan on opening for the 2020-2021 winter recreation season

The health and safety of our team and guests continues to be our top priority, and the COVID-19 pandemic means we all have to take extra precautions so we can enjoy our time on the mountain. That means the wearing of face masks is required for both team members and guests. We've also re-engineered our operations to achieve social distancing, upgraded our air filtration system, and are continuing to follow enhanced sanitization procedures

Managing visitation via lift access will be key to having a successful season. That means many items will have to be purchased online in advance, such as lift tickets, lessons, equipment rentals, etc. All Access

Pass holders will not need to make reservations in order to ski or ride, but we are limiting the number of NEW (not renewing) All Access Pass purchases this season

Again, please read the blog post for additional information. Stay well, stay safe, and we can't wait to see you on the mountain for Meadows' 53rd season.

[2020-21 All Access and Value Passes are now available](#) for purchase online on the Meadows website. The pass prices will not go up until after November 8. More information about next season's passes is available [here](#), and thank you for your continued support of Mt. Hood Meadows.

We are hopeful that the weather will change, the wildfires and smoke will dissipate, and the Mt. Hood National Forest will reopen soon. We know when that happens, people will be itching to hit the trails again, as fall is a great time to visit the Mt. Hood National Forest and hike areas that are typically busier in the summer, such as Tamanawas Falls. Cooper Spur Mountain Resort is a great basecamp for your Mt. Hood adventures, and our sister resort has a great [fall lodging deal](#): rent any cabin or condo for just \$189 a night! Best of all, this deal is valid through October 31. We hope to see you soon!

Far West News *Flash*
September 2020 Excerpts
Far West Ski Association

WHO & WHAT'S NEW FOR 2020

90 YEARS OF FAR WEST: Far West Ski Association turns 90 years old on October 7, 2020. Our editor, and co-editor and been working diligently, preparing a “*Celebration Book*”, a compilation of the history of FWSA in its current form. It is going to print at the end of September and will be available for sale after the first of October. The book can be ordered from: John Watson, FWSA Historian: geospace@pacbell.net, or Leigh Gieringer, Publisher of the Far West Skiers Guide at: fwsq2@cox.net.

SOME NOT-SO-GOOD NEWS FROM CANADA: For the second time in thirteen months, the cable was cut on the *Sea To Sky Gondola* in Squamish, B.C. In August 2019, someone cut the main cable, causing the gondola cabins to fall to the ground, rendering them totally useless. They re-opened in February of 2020, with 30 new gondola cabins and a security system, only to close again in March, but finally open with Covid-19 restrictions in May 2020. On September 14th, it happened again. The cost to repair it the first time was \$10 million dollars. RCMP is investigating this current destruction to find the culprits who may have done this. Fortunately, it was done in pre-dawn hours, so there were no injuries.

NEWS! FROM ALTERRA MOUNTAIN COMPANY: The effort from all *Alterra Mountain* resorts will start this year with controlling resort visitation levels to avoid overcrowding. There will be priority access for season pass holders. The number of daily lift tickets will be available by *Advance Purchase Only* and will be tightly regulated. To this end, walk-up window sales will be eliminated, and the sale of most undated lift ticket products will be discontinued until further notice.

NEWS! FROM MAMMOTH: With Mother Nature's blessing, *Mammoth Mountain* will open for skiing and riding on **November 14**. There are endless questions regarding what winter at Mammoth will look like, and while we don't have all of the answers yet, we're just as excited as you are at the prospect of getting back on snow. We do know that social distancing and mask usage are vital to staying safe and staying open. As has been the case all summer, masks will be required in lift lines, gondolas, lodges, shuttle buses and anywhere within six feet of others. Please visit mammothmountain.com/covid for more information.
